This is a call to discuss comments on OPPT's draft asbestos risk evaluation. I have attached the specific comments of interest. If EPA is interested in discussing additional comments, I request that they please send them to everyone on this invitation.

This call is scheduled for Wednesday, June 3 from 11-12 am EDT. Please account for time differences depending on your time zone.

SRC currently uses Zoom as a platform for meetings. If you haven't used Zoom before, you will need to allow a little extra time to set it up prior to the meeting. If EPA prefers to provide a different platform, such as Microsoft Teams, please let us know.

This invitation allows you to use either phone or your computer for audio. The video capability will also be present, in case anyone wants to share their screen.
